# MSc Bioinformatics with Molecular Biology

---

**University of Mauritius**

**Starting August 2010**

**Duration 18 months**

The MSc Bioinformatics programme meets the needs of postgraduate students wishing to pursue further studies in the rapidly developing field of bioinformatics. The programme has been designed to train students from different backgrounds of biology and computer science.

The University of Mauritius is situated in Reduit, about 10 min from the capital city, Port Louis, and is not far from residential areas.

There are five (5) scholarships open to applicants from SANBio Network countries (within SADC region), who meet the requirements. Applicants are encouraged to apply on-line. For detailed information and application forms go to the websites:

<http://www.uom.ac.mu> and

<http://www.uom.ac.mu/Admissions/admissions1011/Postgrad/AppFormRod.pdf>

The deadline for applications from SANBio Network members is the 30<sup>th</sup> of June 2010. A motivation letter should be submitted together with the form.
